# Train-the-Trainer Workshop: Worker Protection Standard

*Become qualified to train farm employees who work in the field,  
handle, and/or apply (organic or non-organic) pesticides*

June 8, 2021

10:00 am to noon

Kona Cooperative Extension Service Conference Room  
(79-7381 Mamalahoa Highway, Kealahou, HI 96750)

Registration, masks, and 6' social distancing are required.

There is a 10-person maximum for this workshop due to gathering restrictions.

Reserve your seat by registering at <https://bit.ly/3vIhE4J> or by calling Matt at 808-322-0164.

**Become a qualified trainer of federal worker protection standards (WPS) by attending and participating in this Train-the-Trainer Workshop.**

Did you know that a farmworker who enters a field (within 30 days of last pesticide application), who handles, and/or applies pesticides, must be WPS trained? Many, if not all farms regardless of organic or conventional farming methods, use pesticides if applying a product to kill a beetle, bug, fungus, mite, rat, or weed.

Learn how to keep yourself, your workers, customers, and the environment safe from improper use, storage, handling, application, and disposal of pesticides.

This workshop will be presented by Mr. Cal Westergard of HDOA. This 2-hour class is free and open to all agricultural farm employers, owners, managers, workers and employees. The class will cover the current WPS provisions and requirements as well as any new rule changes.

*For more information about the class, contact the  
HDOA Pesticides Branch at (808) 974-4143 or  
808-333-2844.*

## Driving Directions

### Non-discrimination statement:

The university is an equal opportunity/affirmative action institution providing programs and services to the people of Hawai'i without regard to race, sex, gender identity and expression, age, religion, color, national origin, ancestry, disability, marital status, arrest and court record, sexual orientation, or status as a covered veteran.
