Worker Protection Standard and Priaxor Xemium Use – Webinar w/Live Q&A

Registration is required to receive the Zoom link.
Register at http://www.hawaiicoffeeed.com/CLRwebinar3 or by contacting Matt at 808-322-0164 at least two days prior to the event.

Tuesday, February 15, 2022
3:30 PM Live Q&A

Pesticide educational specialist, Cal Westergard of the Hawaii Department of Agriculture (HDOA), will share information about the Federal Worker Protection Standard and how to protect workers and applicators while handling and applying pesticides. Michael Ravalin of BASF, the manufacturing company of Priaxor Xemium, will present on the use of Priaxor® Xemium for Coffee Leaf Rust control and resistance management in the field. In addition, Melanie Bondera of HDOA will present on the state's CBB and CLR pesticide subsidy program.

A few days prior to the live Q&A with presenters, each speaker's pre-recorded presentation will be uploaded to the Kona Extension's YouTube "Coffee Leaf Rust" playlist. Those interested, will be able to view the presentations beforehand and then join us for the 30-45 min LIVE Q&A session on Feb. 15 at 3:30 PM. The pre-recorded presentations will also be played before the Q&A session for those not able to view them earlier.

These events are funded and supported by the:
